Entries in this book are to be made
under the superintendence of an officer.

Instructions to Soldiers

1. You are personally responsible for the safe custody of this book.
2. You will always carry this book on your person. Its possession is essential for identification purposes, to facilitate your medical care, your posting, and the obtaining of pay and leave.
3. You will produce this book to obtain pay, to obtain leave, and at any other time when called upon to do so by an Officer, Warrant Officer, N.C.O. or member of the Provost Corps, or member of the Civil Police.
4. You will not alter or make any entry in this book.
5. Should you lose this book, you will report the matter to your immediate military superior.
6. Loss or destruction of this book, due to your negligence or wilful act, is a serious offence under AA.40.
7. Pay may be withheld from you, and the grant of recreation leave may be postponed if you are not in possession of this book, and there is reasonable ground to believe that it has been lost or destroyed through your negligence or wilful act.

SICKNESS OF OR INJURY TO MEMBER OF THE A.M.F. ON LEAVE

1. It is impressed on you that it is necessary to inform the military authorities at once should you become sick or sustain injury whilst on leave. This responsibility rests with you in order that you may not be regarded as being "absent without leave."
2. If you become sick or sustain injury whilst on leave, you will:—
 - (a) Report at once to the nearest Military Hospital, or, where this is impracticable, to the nearest Area Medical Officer, or
 - (b) Report at once to the nearest public hospital if a Military Hospital or Area Medical Officer is not available, or
 - (c) If unable to attend or be taken to a Military Hospital (or Public Hospital where a Military Hospital is not available) obtain private medical attention and immediately forward a Certificate by your Medical Attendant to the nearest HQ of an L of C Area.
3. If you become sick or sustain injury whilst on leave, you should at once communicate with *both* the unit (e.g. GDD or LTD) from which you marched out on leave; and your parent unit, advising the nature of your injury or illness, your location whilst ill, and the probable duration of your treatment. If whilst on recreation or disembarkation leave you are admitted to hospital, your leave may be extended to make up to you any leave lost by your retention in hospital or convalescent home.
4. Members who become sick or sustain injury whilst on leave without pay granted for the purpose of engaging in seasonal or industrial

KEEPING FIT IN THE TROPICS

"Follow these simple rules to avoid tropical diseases. Tropical malaria can be avoided by an intelligent soldier. Take atebrin tablets as ordered, after a meal, and followed by a drink of water. Always carry a supply of atebrin tablets, and if separated from your unit, take one every day. If you forget one day, take two the next day. Sleep under a mosquito net.

Always from dusk until dawn, unless sleeping under a net, wear slacks, gaiters and long sleeved shirt (sleeves rolled down) and apply repellent lotion to face and hands every 3 hours. Always carry a bottle of repellent lotion. Treat your clothes with Anti-Mite Fluid. Follow the directions for its use exactly and avoid Scrub Typhus. To avoid dysentery and typhoid do not drink water unless it has been boiled or chlorinated. Keep flies and other insects off your food and keep eating utensils clean. Wash your body as much and as often as possible, to avoid tropical skin diseases. Carry your own soap always. Carry an extra pair of socks and underwear. Wear the socks on alternate days."

activities in a civil capacity are not entitled to treatment in military hospitals or at governmental expense. Such members will report particulars of any sickness or injury, and of the progress of their treatment, to the nearest Area Medical Officer or Administrative Medical Officer, who will then ensure that the member's unit is advised.

DISCIPLINE

Discipline means much more than obeying orders. It also means doing your job intelligently and to the best of your ability; it means "playing the game" in the Army as fairly and thoroughly as you would in any sporting team.

Make it a matter of honour to keep your record clean.

A.W.L. means loss of pay, stoppage of dependants' allowances, and liability to punishment for a serious military offence. Moreover the soldier who goes A.W.L. is leaving his comrades to face the dangers and perform the tasks in which he should be sharing.

Don't let your cobbers down.

GRIEVANCES

You are entitled to bring any grievance to the notice of your C.O., and to make a complaint to your C.O. It is his duty to hear you fairly, and to endeavour to remedy an injustice. If you are dissatisfied with his decision you may have your grievance or complaint referred to higher authority.

Be paraded to your C.O., or state your case in writing to him, through your immediate superiors.

SECURITY

All Ranks

"REMEMBER—Never discuss military, naval or air matters in public or with any stranger, no matter to what nationality he or she may belong.

The enemy wants information about you, your unit, your destination. He will do his utmost to discover it.

Keep him in the dark. Gossip on military subjects is highly dangerous to the country, whereas secrecy leads to success.

BE ON YOUR GUARD and report any suspicious individual."
